Professional Development Practicum Opportunities

The Strategic Choices Workshop will now be offered to roughly 90 students at a choice of 3 different times during the spring semester. Here are some dates to put on your calendar so that you can participate as a coach in this very satisfying student-coach opportunity. The goal of the coaching is to help them to create a Personal Development Plan and to make strategic choices about the Practicum Activities that they choose each semester based on the discussions and assessments they do in preparation for and during the workshop.
